SAFETY INSTRUCTIONS

Before using the device read these instructions carefully

- ZeTrack has built-in batteries. Do not disassemble the battery on your own. KRONOZ LLC is not responsible for any damage or personal injury caused by the removal of the battery or any component.
 Do not expose your product to extremely high or low temperatures. Excessive temperature during charging
- could cause heat, smoke, fire or deformation of the battery or even explosion. Do not expose the battery in the sun, excessive smoke or dust. Charge the battery in a cool, ventilated room.

 Do not open, crush, bend, deform, puncture or shred secondary cells or batteries. In the event of a battery
- break or leak, prevent battery liquid contact with skin or eyes. If this happens, immediately flush the areas with water (do not rub the eye) or seek medical help.
- Do not short-circuit. Short-circuiting can occur when a metallic object, such as coins, causes direct connection of
 positive and negative terminals of the battery. Short-circuiting may damage the battery.
- Do not use batteries that have been damaged or have been exhausted.

- Keep the batteries out of children's reach and in a safe place to prevent danger.
 Do not place the batteries in the water. Do not expose your product to water at high pressure, such as ocean waves or waterfall. Do not use your product in a sauna or steam room.
 Do not dispose of batteries in fire as they may cause explosion. Dispose of used batteries in accordance
- Use only the USB cable supplied to charge this battery. Do not charge for more than 24 hours.
 Do not attempt to repair or maintain the watch by yourself, service and maintenance should be performed.

with your local regulations (such as recycling). Do not dispose as household waste.

- Risk of explosion if battery is replaced by an incorrect type.

by authorized technicians.

Dispose of used batteries according to these instructions.

REGULATORY NOTICES

IISA

FCC STATEMENT This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received.

including interference that may cause undesired operation.

CAUTIONS Changes or modifications not expressly approved by the party responsible for compliance could void the

user's authority to operate this equinment

FCC NOTICE This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15

of the ECC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

 Increase the separation between the equipment and receiver. Increase the separation between the equipment and receiver.
 Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.
